

Satellite clinic requirements.

- Satellite clinics are scheduled for dates after the RMSRO annual clinics with the exception of the CO clinic, which can be held at any time.
- Satellite clinics have a minimum of 10 participants, the number of participants should be discussed prior to scheduling.
- Satellite clinics, no matter what the title, are taught by an official of Level II or higher who has attended the most recent update.
- Satellite clinics are also staffed with a second instructor one level above the clinic being taught.
- CO and Update clinics are scheduled for at least 2 hours. All other clinics are scheduled for a minimum of 6.5 hours for ample time to complete study materials, study problems and exams.
- Exams given at satellite clinics must follow exam protocols of providing an appropriate exam environment.
- RMSRO registration forms should be filled out and the \$10 registration fee should be forwarded to RMSRO
