¹ In U18 and Older only competition, maximum vertical drop may be expanded to DH: 700 m, SL: 200 m, GS: 400 m for women and 450 m for men, SG: 600 m
² Distance between courses should be 8-12 m.

³ U1256.4 – Official training for U12 and U14 SG must include at least one SG training run prior to the first competition. Official training for U12 and U14 SG events is an integral part of the competition and all athletes are required to participate. In exception cases, a Jury decision can authorize a controlled free-ski run in lieu of an official training run. The Jury decision can only be made after a discussion with all representatives at the Team Captains Meeting and must be documented in the Jury minutes. If racing with U16 athletes, U1256.4 applies: U14 and younger athletes must be provided a training run as provisioned in this rule.

* Crossover between age categories for SL, GS, SG, Kombi and SkillsQuest is encouraged. Where multiple age classes are competing, course setting specifications will be based on the specifications for one class older than the youngest class (for example, if a race has U10, U12 and U14 racers, it should use the U12 course setting specifications) except in DH where course setting specifications will be based on the youngest class participating.

** These specifications only apply to course setting; they do not apply to maximum vertical drop. Unless an athlete is competing with a "Ski Up Agreement", they are not permitted to compete in events where the vertical drop exceeds the allowance for their chronological age group. Example: GS field consists of U16, U14, U12, and U10 athletes, U12 course setting specification will apply, but the maximum vertical drop of 200 m for U10 athletes must be respected.
